Subject: Incentivisation of Electric Vehicles and induction of EVs in shared mobility and public transport operations- regarding

Dear Sir/ Madam,

The undersigned is directed to refer to the advisory dated 17th July, 2019 (copy enclosed) issued by MoRTH, through which, the states were suggested to waive road tax to the maximum possible extent on the electric vehicles so as to reduce the initial cost of the vehicle to the users. Several states have also waived the road tax on EVs, thereby reducing the cost of acquisition of these eco-friendly vehicles. To speed the deployment of the electric vehicles it is necessary that adequate lucrative incentives are offered by the Governments.

2. In this regard, it is requested that the states shall provide the details of road tax levied on the electric vehicles as against petrol and diesel vehicles **immediately**.

Encl: Advisory dated 17th July 2019.

Yours Sincerely

Shashi
